

## PLEASE NOTE

**Disclaimer:** The intent of this brochure is only to provide information on a range of companies who provide removal and storage services. The companies listed below are independent, private businesses and are not owned or operated by the University of Melbourne. Please note that the onus of responsibility is on each student to assess the services offered as suitable for their needs. Any arrangements, financial or otherwise, are strictly between you and the company. Details are subject to change without notification. Please check current information with each company.

### Do you need to move house or have things to store?

Check local newspapers, reception desk or noticeboards in your housing facility, the Internet or Yellow Pages for removalist and storage companies.

Some removalists charge by the hour for two removalist staff and one truck, with a minimum of one or two hour's duration. Different companies have different policies, charges and minimum fees, so shop around for the best deal to suit your needs.

You may wish to hire a truck or trailer and do it yourself. Some larger, heavy vehicles may require an endorsed licence to drive.

Books and bags may be stored in lockers or cupboard-style units. Larger items such as furniture and white goods can be stored in bigger units.

The size of the storage space generally influences the cost. Prices vary and discounts may be applicable for students (it never hurts to ask!). You decide how long you will store your things, but costs are often calculated on a monthly rate. You may like to share storage space with friends to keep the costs down.

Consider the security, insurance, access, packaging and whether you need to provide locks. It is best to visit the storage facilities yourself once you've narrowed down the possibilities, in order to make an informed choice about whether a particular facility suits your needs.
